

## ACS1000 :- Two Door Refrigerated Merchandiser

### ACS1000

#### FEATURES:

- Operating Temperature 0° to +5° C @ ambient temperature of 40° C
- LED internal lighting lowers power consumption
- Only requires one standard power point (GPO):- 240V 50Hz 10 amp.
- Digital Temperature Display.
- Individual adjustable shelves per door maximizing display configurations.
- Individual light switches to interior and signage plus LED interior lighting to lower power consumption.
- Low E double glazed thermal insulated doors to reduce power consumption.
- Plastic Framed doors with locks.
- Positive seal torsion bar self closing doors for low maintenance.
- Lint Free low maintenance condenser for increased maintenance intervals.
- Condense waste heat anti fogging system. Blows hot air over glass doors.
- Commercial castors, for ease of cabinet movement.
- Cyclic defrost with timed backup insures frost free refrigeration.
- Auto hot gas condensate removal requires no pumping.

## ACS1000 :- Two Door Refrigerated Merchandiser

### Specification

- **Shelves:** 8 height adjustable, PVC coated, shelves per door.
- **Lighting:** Twin LED 1200mm tubes recessed into the inner walls provide energy efficient lights.
- **Refrigeration System:** Fully balanced self contained condensing unit with forced draught evaporator and condenser.
- **Refrigerant:** R134A.
- **Defrost:** Cyclic defrost, with no-cost, hot gas condensate disposal. Supplemented with timed defrosts via electronic controller.
- **Electronic Controller:** Italian designed and Manufactured, Carel Easy.
- **Compressor:** Fitted with [EMBRACO](#) compressor, the world leader in domestic and light commercial compressors.
- **Evaporator:** Cross fin coil design for maximum heat transfer.
- **Operation conditions:** 0° to 5° C. at up to 40° C ambient.
- **Electrical:** Units come ready for connection to 240volt 50hz 10amp GPO. Single Outlet. It is recommended that a dedicated GPO be used.
- **Construction:** Corrosion resistant

Pre-painted steel exterior and painted aluminum interior

- **Insulation:** 50mm high density polyurethane foamed in place, Blowing agent, Cyclopentane for CFC free Ozone protection and superior insulating properties.
- **Door:** Low E double glazed thermal insulated toughened glass. Constructed with PVC frame and fitted with locks.
- **Hinging:** Self closing torsion spring.
- **Gasket:** PVC welded one piece magnetic gasket. Removable without the need for tools.
- **Castors:** 4 ( 2 x locking ) x 63mm swivel commercial castors.
- **Model Features:** Digital Temperature readout.
- **Warranty<sup>1</sup>:** Austwide's Manufacturers warranty 12 month parts and labour. See terms and conditions of sale for full description.
- **Optional Extras:**
  - Additional Shelves.
  - Livery to sides and illuminated sign.
- **Outstanding Benefits**
- **Condensing unit:** Bottom mounted placing the unit in the coolest position, close to the floor, which puts less strain on the refrigeration sys-

tem providing longer life and greater efficiency.

- **Optimal product placement:** The ACS1000 lifts the product off the floor, placing it in the optimal position for your customers to easily reach in and retrieve without the need to stoop down excessively.
- **Energy Saving features:** LED lighting to interior. Individual light switches for illuminated sign and cabinet interior.

ELEVATIONS. (not to scale)
